

PRESS RELEASE:

A new home for growing businesses in Carterton

Wesley House is a new office building on the Ventura Park in Carterton, designed to offer 10 individual suites from 400 sq ft to 1,500 sq ft, each with its own front door and toilet offered to lease or for sale through Wilsons Commercial and Meeson Williams.

“Quite often multi-let office buildings can be compromised because there are common areas requiring management and service charges, which acts as a distraction for small businesses. Wesley House is different because each suite has its own front door and individual toilets and facilities, whilst still being part of a modern landmark office building,” comments David Williams of letting agents Meeson Williams. “We have recently welcomed a small growing local business who wanted smart presentable offices and as Carterton continues to grow this will become more in demand.”
